### PRODUCT OVERVIEW / PRODUKTÜBERSICHT /

Back / Rückseite / Retro:

### AX9: USAGE / BEDIENUNG / IMPIEGO

1. Integrated control panel / Integriertes Systemmenü / Menù di sistema integrato

Use the menu buttons to navigate through the main menu. Settings for color adjustment and brightness / runtime are directly accessible by two symbols. Press the Main button, then the Left or Right button to switch between the two symbols. The Left or Right button can be used to scroll through the menu items.

The impostazione del colore della luce e della luminosità/durata può essere attivata direttamente con i due tasti con i simboli:

Tastenavigation / In der Hauptnavigation / Main navigation	Innere Main Menu / In Hauptmenü / Main menu
On/Off / Ein/Aus / Accensione o spegnimento	
Main Menu / Hauptmenü aufrufen / Menu principale	Back to previous menu / Zurück zum vorherigen Menüpunkt / Ritorno alla voce di menu precedente
Reset Settings / Einstellungen zurücksetzen / Reinpostare le impostazioni	Scroll down / Runter scrollen / scorrere verso il basso
Change Input Select / Eingangs-signal ändern / Cambiare il segnale d'ingresso	Scroll up / Hoch scrollen / scorrere verso l'alto
Set DMX Adress / DMX Adresse festlegen / Impostare l'indirizzo DMX	Choose/Confirm / Auswählen/Bestätigen / Scelgiliere/Confermare
Color adjustment / Farbeinstellungen / Impostazioni colore	
Brightness and runtime control / Helligkeit- und Laufzeitsteuerung / Luminosità e controllo del tempo di esecuzione	

### More Control options / Weitere Steuerungsoptionen / Altre opzioni di controllo

Alle Einstellungen, Complesse Effekte, Talkback+, Updates

DMX - Control from DMX consoles via CRMX or Wireless DMX  
Steuerung per DMX-Konsolen über CRMX o Wireless DMX  
Comando delle console DMX tramite CRMX o Wireless DMX

DMX - Control from DMX consoles via XLR 5 Pin DMX Cable  
Steuerung mit DMX-Konsolen via XLR 5pol Kabel  
Comando con le consolle DMX tramite cavo XLR 5P

2. Switching On/Off  
Ein-/Ausschalten  
Accensione o spegnimento

ON OFF

A new AX9 needs a few seconds of charge to disable its shipping mode. Laden Sie neue AX9 für mehrere Sekunden, um den Versandmodus zu beenden.

Carcicare nuove AX9 per diversi secondi per porre fine alla modalità di spedizione.

### 3. Pairing - AsteraApp

Turn on the AX9 in "blue mode" by holding down the power button for 3 seconds. Then tap "Pair with Lights" in the AsteraApp. You can either connect the AX9 via the AsteraBox ART7 (about 300m range) or control it directly via built-in Bluetooth (typically 3m range) so that this master light transmits the AsteraApp commands to all other lights via UHF.

Schalten Sie den AX9 in „blauem Modus“ ein, indem Sie die Ein-/Aus Knopf 3 Sekunden lang gedrückt halten und klicken Sie dann „Pair with Lights“ in der AsteraApp. Sie können den AX9 entweder über die AsteraBox ART7 verbinden (ca. 300m Reichweite) oder direkt via eingebautem Bluetooth (ca. 3m Reichweite) verbinden. Die Haltung des AX9 verfügt über einen 3/8"-16 UNC Thread sowie als 1/2" hole at the bottom for attaching various mounting accessories. When sliding in the bracket, make sure both sides click into place.

When hanging, secure with a safety wire at the safety eyelet on the backside. Please note the light cannot drop more than 20cm if primary mounting fails.

RIGGING OF THE AX9

The removable bracket of the AX9 has an AirlineTrack for easy mounting like TrackPins (AX-TP) and Superclamps/GripHeads. The bracket of the AX9 also has a 3/8"-16 UNC thread as well as a 1/2" hole at the bottom for attaching various mounting accessories. When sliding in the bracket, make sure both sides click into place.

RIGGING IL AX9

La staffa dell'AX9 ha un AirlineTrack per un facile montaggio utilizzando TrackPins (AX-TP) e Superclamps/GripHead. La staffa della AX9 ha anche una filettatura UNC da 3/8"-16 e un foro da 1/2" nella parte inferiore per il fissaggio di vari accessori di montaggio. Quando si inserisce la staffa, assicurarsi che entrambi i lati scattino in posizione.

Sei beim Einschieben des Bügels darauf, dass beide Seiten einrasten.

Sicher Sie die Leuchte beim Aufhängen mit einem Sicherungsseil an der Sicherungsöse auf der Rückseite. Stellen Sie sicher, dass die Leuchte nicht mehr als 20 cm herunterfallen kann, wenn die primäre Aufhängung versagt.

The AX9 can be used standing or hanging. For this purpose, the device is equipped with a kickstand and an AirlineTrack at the bracket to attach the appropriate mounting accessories.

The AX9 can be used indoors and outdoors and has an IP65 rating.

Do not shake the device. Avoid brute force when installing or operating the device.

When choosing the installation spot, please make sure that the device is not exposed to extreme heat or dust. Avoid direct sunlight for a longer period of time.

The ambient temperature must be set. Keep away from direct insulation (particularly in cars) and heaters.

Never use the device during thunderstorms connected to the power source, as lightning could destroy the device. Always disconnect the device during thunderstorms.

Always make sure the area below the installation place is blocked when rigging, digging or servicing the fixture.

Always fix the fixture with an appropriate safety wire.

Operate the device only after having become familiarized with its functions.

Please consider that unauthorized modifications on the device are forbidden due to safety reasons! If this device will be operated in any way different to the one described in this manual, the product may suffer damages and voids the warranty. The disclaimer includes all damages, liability or injury resulting from failure to follow the instructions in this manual. Furthermore, any other operation may lead to dangers like shortcircuit, burns, electric shock, spark etc. This device is not for household use and is not suitable for permanent installation.
